

International Conference on Orthopedic Surgery and Advances

Theme: Redefining Orthopedic Surgery - Innovation Meets Precision Care

Date

April 15-16, 2027

Venue

Dubai, UAE

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

We are thrilled to welcome you all to the **“International Conference on Orthopedic Surgery and Advances”** scheduled from **April 15-16, 2027** in **Dubai, UAE**, driven by the theme **“Redefining Orthopedic Surgery - Innovation Meets Precision Care.”** Join this international forum to create partnerships with 50+ orthopedic experts to advance the treatment of joint and musculoskeletal disorders and enhance the quality of orthopedic care globally. Our mission is to deliver the highest quality information and research on arthroplasty, orthopedic surgery, and rehabilitation science to learners and practitioners of all levels.

This conference aspires to be the leading global educational event in arthroplasty and orthopedic research, fostering collaboration, innovation, and engaging interactions among attendees.

We truly believe that Orthopedic Surgery 2027 will be a resounding success and set the foundation for a conference series that grows stronger with every edition. [\(click here for more\)](#)

Conference Schedule

Day 1 - April 15, 2027 (Thursday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - April 16, 2027 (Friday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

International conference on Orthopedic Surgery and Advances

April 15-16, 2027 | Dubai, UAE

SPEAKER PRESENTATIONS

Title: Comparative outcomes of distal femoral replacement versus operative fixation for periprosthetic distal femur fractures: A systematic review and meta-analysis

Batool A. Al Hussain, Vision College, KSA

Title: Treatment of stable vitiligo using both cultured and non-cultured autologous melanocytes from hair follicle ORS cell suspension

Shereen Mahmoud Kamel Shawky, Cairo University, Egypt

Title: Continuous inflammatory activity of intra-articular fibrous scar tissue in correlation with posttraumatic ankle osteoarthritis

Nhat Tien Tran, Jeonbuk National University Hospital, South Korea

Title: Risk factors for opioid use after Total Hip Arthroplasty

Elsbeth Wesselink, Zaans Medisch Centrum, Netherlands

Title: Functional outcomes of difficult primary total knee arthroplasty assessed by the Bristol knee score at six months: A Tertiary Care Center experience

George Sonu, Nyle Hospital, India

Title: Orthopaedic trauma care during the COVID 19 pandemic: The Latin American perspective

Luis Gerardo Padilla Rojas, Puerta de Hierro Hospital, Mexico

Title: Comparison of functional outcome in patients undergone a medial pivot design versus posterior stabilised design for total knee arthroplasty: A systematic review

Anubhav Malhotra, Wirral University Teaching Hospitals NHS Trust, UK

Title: A case of acute scaphoidectomy and lunocapitate fusion as a surgical treatment of compound trans-styloid, trans-scaphoid, perilunate fracture dislocation with extensor tendon injury

Shivam Mehra, Padmashree Dr. D. Y. Patil School Medicine, India

Title: The epidemiological profile of knee injury pattern among different divisional football players

Atiqur Rahman Khan, Integrated Disability Service Centre, Bangladesh

Title: Intra-articular adelmidrol for targeting neuroinflammation in knee osteoarthritis

Flaminia Coluzzi, Università La Sapienza, Italy

Title: Influence of anesthesia on harvesting the semitendinosus tendon for ACL replacement

Kim Borsky, Oxford School of Surgery, UK

Title: Qin Sihe surgical treatment combined with Ilizarov technique in the correction of 6 cases of complex knee-lower leg deformity

Qin Sihe, National Research Center for Rehabilitation Technical Aids, China

Title: Acute Charcot Arthropathy: A learning experience

Vineet Trivedi, George Eliot Hospital NHS Trust, UK

Title: The relationship between the timing of hip fracture surgery and physical ability in elderly patients

So Young Lee, Jeju National University Hospital, South Korea

Title: In vivo and in vitro anti-inflammatory and anti-arthritis effect of Peganum harmala. L

Abdelouahab Diafat, University El-Bachir El-Ibrahimi, Algeria

Title: Pannus sign: A radiographic tool to predict postoperative complications in anterior Total Hip Arthroplasty

Atul Saini, LA Bone and Joint Institute, USA

Title: Overuse injuries in professional ballet

Francisco Sobrino Serrano, FREMAP Traumatology and Orthopedic Surgery, Spain

Title: Hip partial replacement through anterior direct approach in the treatment of femoral neck fractures

Giacomo Trivellin, Pederzoli Hospital, Italy

Title: Ten-year survivorship of primary Total Knee Arthroplasty with moderately crosslinked polyethylene: A prospective, multi-center clinical study

Ivan Brenkel, Queen Margaret Hospital, Scotland

Title: Review of management of type-2 odontoid fracture in elderly

Jagadish Chandra Ghosh, National Institute of Traumatology & Orthopedic Rehabilitation, Bangladesh

Title: Rehabilitation of Lost Fingers Using Silicone Prostheses: A Case Series

Aashrith C. Reddy, SVS Institute of Dental Sciences, India

Title: Rotational-guided growth - Preclinical Study

Gonzalo A Martel, Hospital Privado Tres Cerritos, Argentina

Title: Arthroscopic capsular release vs manipulation under anesthesia in case of adhesive capsulitis

Prateek Jain, Government Medical College and Hospital, India
